Hi Krishna,

My name is Carrie Shepler, and I work with the undergraduate program at Georgia Tech. We do, indeed, offer a bachelor's degree in biochemistry, and we are happy to hear of your interest. The degree follows the recommendations of the American Society of Biochemistry and Molecular Biology. You can find information on the degree here: <http://www.chemistry.gatech.edu/undergraduate/curriculum/>

Admissions are handled through the Office of Admissions rather than the individual schools, but you can find the basic course requirements here: <http://admission.gatech.edu/transfer/requirements.html>

If you have additional questions, please contact our Director of Undergraduate Studies, Dr. Bill Baron at bill.baron@chemistry.gatech.edu

Best,
CS

Prospective Student,

Emporia State University offers the following Graduate Degrees pertaining to Biology. A Master of Science/Master of Arts with a concentration in Botany, Environmental Biology, General Biology, and Microbial and Cellular Biology. Additionally, we offer a Physical Sciences Graduate Degree with a concentration in Chemistry.

For more information about being an international student with Emporia State University, please send us an email with your full name, address, birthday, country of citizenship, and degree information.

Thank You!

Hi there,

Thank you for your interest in Agnes Scott! My colleague, Jennifer Lund, copied me on the email she recently sent to you. I am the admission counselor for international students. If you have any question about admission or the application process, please let me know; I will be happy to help you.

All the best,

Artesia

Hi,

Yes, we have a degree in bio-chemistry.

Are you looking for a program for a freshmen student or a transfer student?

Here is the general admissions web-site page for international students.

We would

be happy to discuss more details if you are interested.

<http://www.brockport.edu/international/applying.html>

Best Wishes!

Yes we do, very popular with "pre-med" students. We use a combination of high school GPA and SAT scores. We currently turn away about 90% of the applicants who meet the published minimum, so the actual GPA is very close to 4.0, and the combined SAT scores is around 1300. If you would like the exact numbers for this admissions cycle, I can find that out fairly easily as Cal Poly does admission by major unlike most other universities.

Best regards,

Raymond Zeuschner
Cal Poly, San Luis Obispo

Krishna;

Our campus does not have a degree in biochemistry.

Admissions applications can now be completed online. Admission requirements for the graduate school can be found at:

<http://www.uccs.edu/~gradschl/app/>

For undergraduate application:

https://soaprod.cusys.edu/degreeprog/applyDEGREEPROG_CUSPG/login.action

I hope this is helpful.

Best regards,
Anthony Shull

Thank you very much for your email and interest in Miami University, located in Oxford, Ohio. Miami is one of the original 8 public ivy universities in the United States, and it has a long history of academic excellence, scholarly activities, and public service. www.muohio.edu We are happy to provide fast and helpful information by email and/or up-to-date web information to Undergraduate or Bachelor degree candidates.

Master or Doctoral candidates must contact the Graduate Admission office (www.muohio.edu/graduate-studies) Email intlapp@muohio.edu

Miami University invites applications from high ability international students. Successful applicants have completed college preparatory

www.aieaworld.org

AIEA Secretariat | Campus Box 90404, Duke University | Durham, NC USA 27708-0404

Tel: 919-668-1928 | Fax: 919-684-8749 | Email: aiea@duke.edu

Association of International Education Administrators
Leaders in International Higher Education

courses, meets English language proficiency requirement, and shows a potential for success. Applications are reviewed on a holistic basis; successful students have an average GPA of B grade/score. Apply to Miami University! You may obtain all of the forms necessary to apply for admission online: www.muohio.edu/apply Also, international first-year students are encouraged but not required to take the SAT or ACT test.

This web site also contains detailed information about the international student application procedures, including required information and application deadlines. Minimum TOEFL 72 iBT or 6.0 IELTS. NEW: Miami University offers conditional admission to undergraduate students through the American English and Cultural Program. www.muohio.edu/AmericanEnglish Miami University offers Bachelor's degree programs in over 100 different fields of study. For additional information about all of Miami's degree programs: www.muohio.edu/academics

The full cost for an international student to attend Miami University for the 2010-2011 academic year (9-months period) is \$40,573. This estimated amount includes the costs of all tuition and fees, housing and meals, and other expenses, such as textbooks, medical insurance, and pocket allowance. It does not include summer tuition or living expenses or the costs to come to campus. For your information, the out-of-state tuition is competitive at \$27,468. The additional cost for room/board and miscellaneous items are around \$13,115 per year.

To help offset a small amount of this costs, Miami University offers a scholarship program specifically for international students. The International Education

www.aieaworld.org

AIEA Secretariat | Campus Box 90404, Duke University | Durham, NC USA 27708-0404

Tel: 919-668-1928 | Fax: 919-684-8749 | Email: aiea@duke.edu

Association of International Education Administrators
Leaders in International Higher Education

Scholarships are renewable merit-based scholarship awards with average amount \$8,000 per year for four years. This scholarship is very competitive (less than 10 percent success rate). All international students who submit completed applications for admission to Miami University by the appropriate deadline are automatically considered for scholarship award. Separate scholarship application is NOT required.

Miami University does not provide full scholarship award nor financial aid to international students.

Honors program: International students interested in the maximum merit scholarship opportunity are strongly encouraged to apply to the Honors program. The honors application is available online and requires minimum 3 additional essays. Honors program is created specifically for high achievers who want to challenge him/herself in academics, research and leadership.
www.muohio.edu/honors

The admission processing follows a scheduled time period. In general, the fall 2012 semester application deadline for first year student is February 1, and transfer student May 1. You may also consider applying to the spring semester: application deadline is October 15. Submit the application forms on or before the published deadline. After we received all required application materials, the admission decision is usually available within 4-6 weeks.

I hope this information has been helpful to you. Let me know if you have additional questions during the application process. All the best. Please write directly to internationaladmission@muohio.edu

Subject: AIEA: Under Graduate Degree in Bio-chemistry

Dear Colleague,

Does your College or University have under graduate degree in biochemistry ?
Please let me know what is the students selection criterion for the admission??

Regards!
